[00:00]
Okay, let's get started.

[00:02]
The main goal today is to finalize the launch timeline for the dashboard feature.

[00:06]
From the engineering side, the feature is mostly done.

[00:09]
We just need final QA approval.

[00:11]
QA is in progress.

[00:13]
We found two minor bugs yesterday, but they should be fixed by tomorrow.

[00:17]
All right, so assuming QA signs off tomorrow, when can we realistically deploy?

[00:23]

We can deploy by Monday if nothing new comes up.

[00:25]

Good, let's lock Monday as the tentative release date.

[00:29]

Speak at two, you'll handle deployment?

[00:31]

Yes.

[00:32]

I'll take ownership of that.

[00:34]

I'll confirm QA sign off by end of day tomorrow.

[00:37]

Perfect.

[00:38]

I'll inform marketing so they can prepare the announcement.

[00:41]

Any blockers? None from my side.

[00:43]

Same here.

[00:44]

Great, let's reconvene next week, only if something slips.
